I am not your child. I have done a lot of important work in this office both before and after you became DA. You can start showing a little more respect in the future.

I am deciding what I will do with this when I get back. No more contact with globe until I say so.

Got a call from the Globe asking what we are going to do, moving forward, on the jury waived/oui issue. I mentioned that we were considering asking for declinations on all oui jury waivers in cases involving Barrett, Mooney, Gilligan and Minehan. If you agree to this, they will run a front page story. Personally, I feel we are remiss if we don't do this, press coverage notwithstanding.
